You wake up and you crack your mirror  
Just broke your last bottle of beer  
Now you're scared just to leave your room  
Go outside to take the dog for a walk  
He runs away and now you're fucked  
Now you're scared just to leave your room

Well it's another bad day nothing I can do  
Another dog day afternoon  
Well it's another bad day nothing I can do

You weren't planning to have a day like this  
Had hopes and dreams of eternal bliss  
But now I'm cursed I don't wanna move  
(Gotta get up to get shot down)  
Every single step I take  
I worry about what I'll break  
But now I'm cursed I don't wanna move

I'd have no luck without bad luck  
A bumper sticker that says 'life sucks'  
But everyday I get up and try  
(Gotta get up to get shot down)  
No four leaf clover to keep me safe  
Paranoia sits in place  
But everyday I get up and try  
(Gotta get up to get shot down)

Well it's another bad day nothing I can do  
Another dog day afternoon  
Well it's another bad day nothing I can do

Well it's another bad day nothing I can do  
Another dog day afternoon  
Well it's another bad day nothing I can do
