Oh Penelope
Are you filled with air
Swallowed oxygen
That makes you float up?
Is it Dropsy?
Will your lungs swell?
It's depressing me
To see you struggle

Oh Penelope
Are you filled with air
Swallowed oxygen
That makes you float up?
Is it Dropsy?
Will your lungs swell?
It's depressing me
To see you struggle

I'm treading water with my oars
Glass galleons anchored, oceans floor
I'm diving down with all my gear
In search of treasure, para mi corazon

Take you to the forest
Let you feel the raindrops falling down
Seeping through your redscales
Eliminate the faucet
Eliminate the need for water
Replace it with a safe shell

Don't wanna see you floating upside down
On the top of the bowl when I
Come round to visit you
Don't wanna see you floating upside down
No girl
Need you there, Need you there, more than air

Ooh Release that air
I'm treading water with my oars
Glass galleons anchored, oceans floor
I'm diving down with all my gear

In search of treasure, para mi corazon

Take you to the forest
Let you feel the raindrops falling down
Seeping through your redscales
Eliminate the faucet
Eliminate the need for water
Replace it with a safe shell
