So I waited till I was alone And I called you on the phone  
About to tell you that I love you so But you said you had  
to go Said you'd call me back at ten I guess I'll never be  
your new boyfriend Cause I waited up till two You never  
called me back, now that's a big fuck you I said I'm  
sorry I've been acting weird You just wanted to get me  
off the line I said that I get nervous cause you're a girl  
But I guess that you don't want to be mine So I camped  
out on my basement floor Didn't sleep in my bed so my  
back is sore Telephone right by my side Once said you  
liked me but I guess you lied Like you did when you  
said you'd call me back I was so tired but I couldn't hit  
the sack I guess you got more important things to do  
Than talk to a guy who is in love with you.
