You're right were all for now
Just bail the water while the ship goes down
When we could float away
On separate rafts to die another day.
But it's more than time apart my love,
It's time to handle this without kid gloves.
Ripping a band-aid off may not be pretty least the
bleeding stops,
I think.

Let's not fool ourselves,
Taking a break is dragging out a break up too long.
Help yourself to whatever you like with whomever you
like but
Don't get married without me.

We lost the battle won
That doesn't mean we can't have any fun .
This war's not over yet,
We called a truce no need to get upset.
I know you know I still love you
Anyone else is a lateral move.
At this point who says I'll be able to move at all
'Til I cozy back up to you this fall.
Ooh still.

Let's not fool ourselves,
Taking a break is dragging out a break up too long.
Help yourself to whatever you like with whomever you
like but
Don't get married without me.

Let's not fool ourselves
'Cause we aren't cowards, we aren't liars.
We're just two people who are not in love right now.

Let's not fool ourselves,
Taking a break is dragging out a break up too long.
Help yourself to whatever you like with whomever you
like but
Don't get married with-
Oh don't get married without me.
