Moments fall upon me slowly  
I'm thinking back of you in bed  
The days aside the sleepy ocean  
Was it you I kept so secret in my head?

All this happening so quickly  
I just don't know where to start  
But I know I wasn't thinking clearly  
'Cause I'm torn between your red lips and her heart  
I'm torn between your red lips

And it's harder and harder  
And harder to be with you  
Harder and harder to say  
Deeper I'm fallin', it's pullin' me down  
It's harder and harder to say  
Now

Far away I know she's sleeping  
Close my eyes - I see her face  
And even though I hear her whispering  
It's you that's running quickly through my veins  
It's you that's running quickly

And it's harder and harder  
And harder to be with you  
Harder and harder to say  
Deeper I'm fallin', it's pullin' me down  
It's harder and harder to say

I can't hold it down  
I can't live this way  
Though I'm with you now  
I am miles away

And it's harder  
You're making it harder

And it's harder and harder  
And harder to be with you  
Harder and harder to say

Deeper I'm fallin', it's pulling me down  
It's harder and harder to say  
Now

Making it harder, now

Where do I go from here?
