Bruce lee pack punches like brown bag lunches  
He get busy on the bad guy now why you wanna flow fly  
Float like a butterfly sting you in the sphincter  
I got flavor like jolly rancher be taking you out like  
cancer  
Always got the answer I'm easy on the eye kid  
Candy's what I taste like you're like a Madonna hybrid  
Booty booty that's right be taking you out on fight night  
Be flippin smith barney outa the back of the coupe your  
pants droop  
Baggy baggy britches i'll be leavin you in stitches  
I knew this chic in pasadena'd grant me sixty-nine  
wishes  
Now you're waiting on your savior trying to change your  
behavior  
Cause nineteen ninety nine be rollin out the box soon  
exavior  
Hollander the prostitute be booty bangin out the chute  
Be lookin good in a three piece honey but baby you're  
so wack you got

Bones  
Skeletons in the closet  
Everybody's got some  
But seein is believin and I think I've seen enough of  
your bones

Stick it in your wallet call it whatever you want to call it  
In the business they call me sire I ain't ready to retire

But when you came home late last night your face it
