I've been waiting on the light to flip the switch and
rearrange my view
It's a long haul to the place where we both know that
This is what we're supposed to do
I don't know, I don't know, I don't know, oh, I don't know
Oh 3 o'clock this morning felt this feeling was a
warning
And I don't think I can make it, even though I know
you're worth it
Oh life barrels on down a one-way track,
There's no going back that I can see.
Well I can't say, "Slow down,
" but I can't say, "Go," and I'm scared to know where
that will lead.
Oh, I'm scared to know where that will lead.

So say it now, I'm the one who wants to wait it out
If you wanna get out I would get it, though I really can't
make you stay
If you say you're out, I cannot say that I would blame
you, now
Just because I can't jump 'til I'm ready doesn't mean I
don't feel a thing
If you say you're out, I cannot say that I would blame
you, now
Just because I can't jump 'til I'm ready doesn't mean I
don't feel a thing
I don't know, I don't know, I don't know, oh, I don't know
Oh, 3 o'clock this morning felt this feeling was a
warning
And I don't think I can make it, even though I know
you're worth it.
