Why haven't we crucified ian mackaye? he should be
deified, not hidden
behind velvet underground lies! but while we're at it i
give my
support to all sorts of good sports, not the lords of 6/4
but the
kings of timing. we're not down, we know why, because
a lot of our
time is spent wise, like ignoring the canon and getting
a handle on
"nothing's unknowable". and nothing can grow until the
temperature's
high, and that's now! i said, "guy, it's like '95 never
happened..." i
had a feverish dream, like the cop's sleeping with the
serial killer
scene, like all the clues were hitting me....it's so
obvious!

do the fire, fantasy's a screen between drive and
desire.

it's ex-miss on the road i resist the reflection. sweater
like
protection from mob perfection. from the inception of
the crowd they
might talk too loud for you to think. they, they killed
bob, they
ruined santana, spreading mediocrity with cable, not
antenna. here it
comes - rock bottom. you say you want matt collins, but
i'm not him -
can't make eye contact when you're talking. could be
your intentions
are rotten, could be i expect more than the wars you
fought in. i had
a feverish dream in which there was never a sixties,
there was no
excuse for hippies, there was no excuse for anything....
isn't that
obvious??

there's no way that a vegan can eat the rich.. "but i
worship the
glitch!" don't be stupid! gang fight with montessori
kids and
homeschooled students resulted in track pantsed
wounded. ever wonder
what the glue is that keeps them stuck off my street,
out of the 3 AM
elite? you know what i read, and i believe what i've
been convinced;
that if i breed, that's losing. choosing give up? not for
this one,
and i'm ADAMANT. i had a feverish dream, everybody
could be me, it's
like a responsibility to lead, the underlying theme is
obvious...
