[Chorus]

Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
Got my head in the clouds and I won't come down  
Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
No I won't come down

[Verse 1]

I hope my brain hurts  
Because I love the taste  
I stay happier  
With the best of words that's placed to waste  
And because nobody or nothing can help me for my  
troubles  
And say for my only one I'd escape  
Traveling around the world  
Finding my place

[Chorus]

Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
Got my head in the clouds and I won't come down  
Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
No I won't come down

[Verse 2: Wiz Khalifa]

Get high flying straight  
And I won't come down  
Get high flying straight  
Oh oh oh  
I'm rolling up a G6  
Hit it once you won't believe this  
You say your mind is racing  
Well I'm just trying to help you pace it  
See I be floating around space ships

All up in there where them planes is  
Mixing my green with my breakfast  
Wakin, bakin  
I'ma roll my weed up everyday  
Smoke everyday  
Party everyday  
Try'na reach the clouds  
Are you on your way?  
I'm rollin up good you rollin up trash  
I'm burnin them slow you burnin them fast  
You smokin on this I'm smokin on that  
Ain't countin them grams just go in the bag  
You rollin a blunt I'm rollin a zag  
We grindin it up and mixin with hash and thats

[Chorus]

Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
Got my head in the clouds and I won't come down  
Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
No and I won't come down

[Verse 3]

And I push up weight  
Because I don't like the way  
Cut out a puncher  
And shoved it in my face  
Nobody or nothin can tell bus up in construction  
Because we're comin out too late anyways  
Traveling around the world  
Serving the taste

[Chorus]

Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
Got my head in the clouds and I won't come down  
Can you feel it  
Got my head in the clouds and I can't come down  
Can you feel it  
No I won't come down
