Ahh ohh...

You say it's black
And I say it's white
And you say it's wrong
But I know it's right

But there's no chance of a fight
No, I won't switch sides
Cause I got a taste

And set it off like dynamite
Oh oh
And set it off like dynamite
Oh oh
And set it off like dynamite

And you say come here
But I'll just stay
You say go running
But I walk this way

And there is no chance to sacrifice
When I know that I'm here
And there's no vow of silence
I won't stay clear

And set it off right off
And set it off like dynamite
And set it off like dynamite
And set it off like dynamite
Oh oh

You say, I say
We all fall together
[x3]

And they say, you say,
We all fall together
Together
We set it off like dynamite

We gonna set it off like dynamite
We gonna set it off like dynamite

Oh oh oh

You say that you're right
Well I say that you're wrong
[x3]

You say that you're right
And you'd set it off, off like dynamite

Hurry up
Time to
Put me down
And make me free of all your tormenting that you have
(?)
From me to you
From me to you
From me to you
From me oh to you!
Oh oh
