Can you save me from myself  
I don't think so  
I'm my own worst enemy  
And that's, and that's  
Perfectly fine with me  
Because I live my whole life  
Living this exactly

I don't need the things  
That you shove up in my face  
I live by my own standards  
And I'm happy living, living life

My world  
Is a little bit safer  
And I drink  
Malt liquor in paper  
I get high  
Get high of the vapor  
It's my world, I'm a little bit safer

Stack up my arms  
Cuz I'm coming in swingin'  
Might kill my hand  
With the fury of a demon  
Gotta catch up and my head's up in the clouds  
And I like it that way and there's no coming down

Cause I seek and destroy  
And your world is my new toy  
I guess I'll look [?]  
And I swear to God,  
It's weighin' down on your mind

My world  
Is a little bit safer  
And I drink  
Malt liquor in paper  
I get high  
Get high of the vapor  
It's my world, I'm a little bit safer

A little bit safer now

What are you waiting for?

A grand finale?

Where's my throne and crown

In my head, I'm the king of the whole damn nation

And tonight's the night that it burns all down

Eyes sit like voodoo

Heads are messed like hoodoo

But I'm perfectly happy inside my head

Watch as you crazy, makes people think me insane

In my world I know I can make it

In my world, nobody can come and take me down

There's no more controlling you

What are you waiting for?

In my world

In my world

I'm a little bit safer

In my world

In my world
