I shake it up, I wake it down my lover's ex
And that's the only opinion of me
You loose me up, then shake me, go and waste away
What other options you give me, oh

But I'm just wasting away
And that's the only option for me
Well I'm just wasting away
Well that's the only option for me

You said destroy
I said let's not make things worser
That's the only thing I see
You build me up to knock me down
You stay above the rest
But I can only escape from you

Well I'm just wasting away
Well that's the only option for me
Well I'm just wasting away
Well that's my only remedy

Shoot it up
The battle's on
Let it take
Let it now
I will be
The only thing
That set [?] beside
I want you to try to be

Big city, suicide, living clear
That's only way for me
I can't break the mold here
And if you judge me, the better see

Well I'm just wasting away
And that's the only remedy
Well I'm just wasting away
And that's the only remedy
