Cold nights, so sick of cold nights  
Of wasting all my life  
In a black house where I grew up

Hold tight, keep saying hold tight  
I don't know what I'm waiting for  
When it comes I still want more

And I've been locked away these great great days  
And the time we spent is not our own anymore

This is my life, my life, my life  
Or this is your life, your life, your life  
This is my life, my life, my life  
Or this is your life, your life, your life

As the world turns to 3 a.m.  
Spinning round there's no hope anymore  
Oh oh down  
Oh oh down  
Oh oh down down down

You say you're tired  
Yeah, you say you're tired  
And you don't know what to do  
What to do cause it's all on you  
You say you're tired  
Keep saying you're so tired  
And you don't know what to do when you're falling  
down  
Down, down, down, down to the ground  
And as the darkness falls faster on today

This is my life, my life, my life  
This is my life, my life, my life  
As the world turns to 3 a.m.  
This is my life, my life, my life  
Or this is your life, your life, your life  
This is my life, my life, my life  
Or this is your life, your life, your life

And as the world turns to 3 a.m.

Spinning round there's no hope  
Spinning round there's no hope anymore  
Oh oh down  
Oh oh down  
Oh oh down  
Oh oh down
