Deep in the night, when you're
Away from me
I'm reachin' out just to touch you
In my dreams
Countin' the hours 'til you'll be
Here again
So hard to wait, go to have you
Close to me
'cause baby
You, turn my nights to day
When your love, love is just a
Breath away
Somethin' inside has taken
Over me
So baby, can't you see you
Captured my heart
I can't disguise the things you
Make me feel
I should have known this was
Magic right from the start
'Cause baby, you turn my nights
To day
When your love, love is just a
Breath away
We, we don't have a word to say
Our heart can speak a thousand
Ways
When love is just a breath away
Take me, take me into paradise
Show me all the love that's in
Your eyes
Light up my light
Chorus
