I always stayed away from love
Afraid of what might might happen
Till I thought I heard a sound above
Singing through my very own heart
Was a melody I'd never heard
Like birds singing loud to the sky
(Wanna be loved)
Never dreamed that true love would help me find my
way
Didn't know how deep I'd fallen
Until you rescued rescued me
When suddenly strings began
I heard the melody again and again and again
The sound of music flowing through my head
So rare I'm walking on air
Melody of love sing that song for me yeah
I want to hear somebody sing
(Wanna be loved)
Melody of love take me away
One lonely night you up and danced into my dreams
Baby you set my heart on fire
So I've been burning and burning ever since yeah
When suddenly strings began
I heard the melody again and again and again
The sound of trumpets flowing through my head
So rare I'm walking on air
Melody of love sing that song for me yeah
I want to hear somebody sing
Melody of love take me away
(Wanna be loved)
Melody of love set me free yeah
I want to hear somebody sing
(Wanna be loved)
Melody of love take me away
Oh melody
Play that melody
I can really feel it
You should feel it too
Play that melody
Melody
Feel it

Feel it
Play that melody
Melody of love (Alright)
Sing that song for me (Sounds like)
I want to hear somebody sing (music)
Melody of love (Alright sing it)
Take me away (Sounds like music)
