Rumour has it all around this town  
Someone's looking for a girl like me,  
Where can she be found  
I hope it's who I think it is, I wonder  
If it's really him  
It's gotta be the man I love, no one  
Else but him  
There's a rumour, rumour has it  
They say he's gonna make this girl  
His everything  
He's gonna love her and surround  
Her with all those beautiful things  
It was the most wonderful moment  
In my life I've had  
My life ended on that evening that I  
Lost him and it hurt so bad  
There's a rumour, rumour has it  
You never know just what you've  
Won until you've lost  
And the object of the game is not to  
Pay the cost  
Anyone can play the game there are  
No rules  
And you never know just what  
You've won until you lose  
I know he's gonna find me, I know  
This was meant to be  
You can change a lot of things in life  
But not your destiny  
And when you find the best thing in  
Life has come to you  
Hold it in your hand real tight or it  
May slip thru  
There's rumour, rumour has it  
You never know what you've won  
Until you've lost  
And the object of the game is not to  
Pay the cost  
Anyone can play the game there are  
No rules  
And you never know just what

You've won until you lose
