Spent the best of my life running scared
In the city
Left my shoes and my clothes and
My lovers behind, yeah
Oh but i felt incomplete
Living out there in the street
I was always alone and afraid
Such a pity
Little girls just don't know what comes
Out after dark
But the devil was'ts in heart
Down on that dead end street
Chorus:
And I say
Running for cover
Running for cover
Running for cover
It's keeping me running
I'm just scared that he's out tonight
It's keeping me running
I don't know why, but it's getting dark
Say the devil's in the park
And I say
Running for cover
Running for cover
Running for cover, now
Life is really so hard when you live in
The city
No one knows what a young girl
Has on her mind, yeah
But you're headed for defect
Down on that dead end street
Never learned of the lesson
You should, such a pity
Still and all you'll stay with
The others behind
And the promise in the dark
Is that the devil's in the park...
