"2 Die"

Visit "[2 Die](#)" on MotoLyrics.com

To choose
To believe in something
To die for with no regrets
Opinions create confusion
Deceiving ways will just remain

I'm still waiting for a perfect world

Through it all I stared through your punches
To lead a way beyond the stars
Will I fall?
Will I stand regardless?
Or fragile worlds could fall apart

Ideals are reduced to nothing
Rebuild and represent
Opinions create inductions
Deceiving hate
Must this remain?

I'm still waiting for a perfect world

Through it all I stared through your punches
To lead a way beyond the stars
Will I fall?
Will I stand regardless?
Or fragile worlds could fall apart
Fall apart

Run through the light
Run through the light

Through it all I stared through your punches
To lead a way beyond the stars
Will I fall?
Will I stand regardless?
Or fragile worlds could fall apart
Fall apart

Run through the light
Run through the light
