"Come On"

I count the situations where you ran away with me.
Yeah, I count the situations where we ran away.
So come on pretty baby,
Baby take my hand,
Let's run for eternity
We get high forever,
And enjoy the weather,
We are young and we want to be free.
I said come on!
Come on, come on, come ooon,
Come on!
Come on, come on, come ooon,
Come oooooooooooooooooon,
Come oooooooooooooooooon.
I count the situations where you ran away with me,
Yeah, I count the situations where we ran away.
So come on pretty baby,
Baby let's get together,
We could do-do-do just fine.
If I said I wanted you and if you wanted me too,
We could do-do-do just fine.
I said come on!
Come on, come on, come ooon,
Come on!
Come on, come on, come ooon,
-Yeah!-
I said come on!
Come on, come on, come ooon,
Come on!
Come on, come on, come ooon,
