Open your eyes 2 realize That there's a broken mind
for mankind
Hypocrisy for the masses A cultured virus distracts us
Can U walk the demon walk Can U talk that silent talk
Respect don't expect it's time Evolution of the mind
Hey, yeah you're the prize recruit
Well R U ready 2 break Every rule that they make
Don't try 2 pacify me
Turn up loud turn up proud 2 gather around broken
shrouds
For the shadows of power monopolised by the hour
Can U hear the party ranks Doing their party pranks
'cos now it's time Evolution of the mind

Well I miss the sun and I miss the sky 'cos it's all been
taken from our eyes
And I feel it's alright now
