Johnny (Johnny) Johnny
Johnny and I had so much fun
In the evening (in the evening)
Johnny and I had so much fun
In the evening (in the evening)
Aaaaaahh
We took all the sunny day
Packed our things and ran away
But Johnny got his girlfriend on his mind
(yeah yeah yeah)
We were dancing in the sun
Dancing to the radio
But Johnny got his girlfriend on his mind
Johnny and I had so much fun
In the evening (in the evening)
Johnny and I had so much fun
In the evening (in the evening)
Aaaaaahh - WOO
But we took out the camping ground
Packed our things and ran away
But Susan got her boyfriend on her mind
(yeah yeah yeah)
She was dating Johnnyboy
Had a smoke and ran away
But Susan had her boyfriend on her mind
Johnny and I had so much fun
In the evening (in the evening)
Johnny and I had so much fun
In the evening (in the evening)
Johnny and I had so much fun
In the evening (in the evening)
Johnny and I had so much fun
In the evening (in the evening)
Aaaaaahh - WOO
