In life what you treasure  
Joy and the pleasure  
It depends on how you measure  
Everybody wanna live it up yeah  
Oh yeah

In life what you treasure  
Joy and pleasure  
It's the simpleness of things  
It depends on what you measure okay  
Oh yeah

You choose what you pray for  
Some like it hot and some love the cold weather  
Don't take the pressure on man  
Oh no

Long life, upward mobile markets and  
Happiness and everybody want it and  
More love less stress and panic  
Enjoy yourself, take full advantage

When the noise dies ever  
I will be dancing  
Music lives forever  
And it never says never  
No way, no way

It goes on and on and on and on...  
Goes on and on and on and on...

And remember the love hurts ain't no lie  
He was strolling through life without a light  
And he trips on his soulmate,  
He took the bite  
Now he rocks me gently  
Now he rocks me gently

When the good get better  
Sure is fun when we're building together  
Nobody wants to be alone yeah  
Oh no

Jah rising sun  
Make it play for the dawn  
And the night is done  
Everybody wants to make it home

Long life, upward mobile markets and  
Happiness and everybody want it and  
Courtesy of  
More love less stress and panic  
Enjoy yourself, take full advantage

When the good get better  
It sure is fun when we're building together  
Nobody wants to be alone oh yeah

Whenever our eyes meet  
There's a question why  
(There's more)  
We don't have to try babe  
(Hello! )  
Our eying!

And remember the love hurts ain't no lie  
He was strolling through life without a light  
And he trips on his soulmate,  
Took the bite  
Now he rocks me gently  
Now he rocks me gently

Cause in life what you treasure  
Joy and pleasure  
It depends on how you measure  
Everybody wanna live it up yeah  
Okay

Cah when the noise dies ever  
I will be dancing  
Music lives forever  
And it never says never  
No way, no

Love hurts ain't no lie  
He was strolling through life without a light  
And he trips on his soulmate,  
He took the bite  
Now he rock me gently  
Now he rock me gently

And remember the love hurts ain't no lie  
He was strolling through life without a light

And he trips on his soulmate,  
He took the bite  
Now he rocks me gently  
Now he rocks me gently

It goes on and on and on and on...  
Goes on and on and on and on...  
Goes on and on and on and on...

You don't have to fight no more
