"Slide"

U fuelled my innocence Then common sense took
precedence
Falling free from u In a cavity u grew I did not see
where I was bleeding
Anaemic has no grace! Can't u see I'm sliding See I'm
sliding

I've got a fix on U Never come 2 bloom
I cut free myself I am a jealous fiend!

Will I ever walk on water How long til the past is gone
Will I ever walk in your shoes Tell me it's refused / truth

U changed! Uncompromised then sanitized your
image right
Choking on your taste The signs U gave me
