A lot of things has changed throughout the years  
Cos now Im sleepless in  
The night time, and that's the right time  
And I remember the old days where  
People used to ignore me  
And there's no reason why you think Im beautiful  
Cos Im not  
Beautiful  
I feel someones watching me  
I feel so alone each day  
Now Im sleepless in the night time  
And there's no reason why you think Im beautiful  
Cos Im not  
Beautiful  
I feel somebodys watching me
