Look out the window now and I'll be by your side  
I never knew how much you would care until I just went  
away  
'Cause you could go and break my heart you go ahead  
and try  
'Cause you are the only one I love  
And on my radio I heard her voice  
She was crying out my name  
Look at the bedroom door and he'll be by your side  
I think I want to be there too but it's getting pretty late  
I try to keep on loving you, but that's just what it is  
I just want to hug you one more time  
'Cause on my radio I heard your voice  
You were crying out my name  
On the radio
