I tell em time and time and time again
Don't you call his phones again
Find yourself another man
He with me so get over him
He loves it how go up and down the pole
Swing it left to right
Shake it so he wont go
Addicted to lifestyle
I know I turn him out
I'm a lil freak I know

Im climbing higher
They throwin money
My focus of tonight is to please you
Its only for you
Boy I adore you
Ooo yea
Enjoy the show
