(Chris Waters/Tom Shapiro)

If your heart ain't busy tonight
Maybe it would like to get with mine
If your heart ain't busy tonight
Well I could keep it occupied for a long long time
If your lips ain't got something pressing to do
If your arms aren't held up, well their invited too
If your heart ain't busy tonight
Maybe it would like to get with mine
Anytime

Well it's kind of you to lend me an ear
Well that's a start but I believe
If I could only get the rest of you over here
Then all of you might fall in love with all of me
If your heart ain't busy tonight
Maybe it would like to get with mine
Anytime - Oh-yeah

If your feet are restless for somewhere to go
And your eyes want something more to see
Why don't you let them lead the rest of you to my door
So all of you can fall in love with all of me

If your heart ain't busy tonight
Well maybe it would like to get with mine
If your heart ain't busy tonight
Well I could keep it occupied for a long long time
Yes I could

If your lips ain't got something pressing to do
If your arms aren't held up, well they're invited too
If your heart ain't busy tonight
Maybe it would like to get with mine
If your heart ain't busy tonight
Maybe it would like to get with mine
Anytime Uh-Uh
