Please skip the introduction  
We need no explanation  
Strung out by make believe, reality made by tv  
If it can't be bought with bare skin  
We'll find a way to cash in  
Green screens and shallow dreams funded by our  
greed

No! It's never  
Enough! Not ever  
Keep filling up your pockets 'till it brings you to your  
knees

We got the whole world in our hands  
We got the whole wide world in our hands  
And every where you look another goddamn Wall  
Street mess  
We got the whole wide world in our hands

Now that we've been acquainted  
Lost all our aspirations  
Pleasing the public eye, a stage set up for dreams to  
die  
Caught up in social stations  
Fame by association  
Plastic pride, new self esteem, losing face just to be  
scene

It's never  
Enough!  
Not ever  
Enough!  
It's never enough

We got the whole world in our hands  
We got the whole wide world in our hands  
And every where you look another goddamn Wall  
Street mess  
We got the whole wide world in our hands

(We, we are the ones, we are the dark, we are the light  
We have the world upon our shoulders, we are weak,

we are weak)

We are the ones, we are the light, we are the dark  
We have the world  
We are weak!

We got the whole world in our hands  
We got the whole wide world in our hands  
And every where you look another goddamn Wall  
Street mess  
We got the whole wide world in our hands

No! It's never  
Enough!  
Not ever  
Enough!  
It's never enough
