can't be my friend  
can't be my friend

its fun to pretend  
that were not in love  
so we can fall in to love again

can't be my friend  
can't be my friend

its fun to pretend  
that were not in love  
so we can fall in to love again

float and star deceit to fight  
dont know how sleaze can die  
theres a madness in your plan

can't be my friend  
can't be my friend

its fun to pretend  
that we are strangers  
so we can be strange like strangers are strange

cant be my friend  
cant be my friend

its fun to pretend  
that we are strangers  
so we can be strange like strangers are strange

float and star deceit to fight  
dont know how sleaze can die  
theres a madness in your plan
