I drive a beat up truck with a four wheel drive  
He drives a BMW on his daddy's dime  
But something about him keeps on pulling me back in  
And I flashback to my first night with him

And it's the pearl buttons and denim jeans  
that have him lookin just like Springsteen  
Barefoot, white T shirt  
while he's leaning on me  
Hair blowing in the wind  
He stares at me with blue eyes  
Two kids living without a care  
And it all started right then and there

Before I met him, it was like I was on my own island  
So free and stable 'til he walked into my life  
And now he's got me always staring into space  
Just wishing I could look for one more second at his  
beautiful face

And it's the pearl buttons and denim jeans  
that have him lookin just like Springsteen  
Barefoot, white T shirt  
while he's leaning on me

Hair blowing in the wind  
He stares at me with blue eyes  
Two kids living without a care  
And it all started right then and there

As we're leaning on your car and you're playing your  
guitar  
I could feel you slowly stealing me heart  
And as the rain begins to pour  
And we're dancing in the storm  
I don't think I could ever, ever love you more

And it's the pearl buttons and denim jeans  
that have him lookin just like Springsteen  
Barefoot, white T shirt  
while he's leaning on me  
Hair blowing in the wind

He stares at me with blue eyes  
Two kids living without a care,  
Two kids loving without a care  
And it all started right then and there  
Right then and there, yeah yeah

Something about him keeps on pulling me back in  
And I flashback to my first night with him
