When the sun goes down, down, down, down  
Boy you're afraid of the dark, dark  
And when the lights go out, out, out, out  
Tell me do you know where to start, start  
And when the base get loud loud loud  
That is when I feel apart, apart  
And when the world sleeps sound sound sound sound  
..the sound is the key of my heart

[Chorus:]

We run.. yes, we run the night, the night  
We run .. yes, we run the night, night , night  
We run .. yes, we run the night, we we we run  
We .. yes, we run the night, the night.

Run the night, run the  
Run the night, run em, run em

Feelin like a rush rush rush  
Pushing ..love on my skin  
I can get enough nough nough  
'cause the bit can't pullin me in  
Taking me so high up up up  
A place that I've never been ahh  
Party party all night night sleep all day then do it again.

[Chorus:]

We run.. as we run the night, the night  
We run .. as we run the night, night , night  
We run .. as we run the night, we we we run  
We .. as we run the night, the night.

Run the night, run em , run em  
Run the night, run em, run em

[Chorus:]
