yeah  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I've looked for you  
I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
wassup  
All my life I looked for you  
I'm glad I found you I can't live without you

Music is the only reason that I'm still in existence  
Going long with this rapping I ain't catching a pig skin  
Coding encryptions  
Future is slowly slipping  
But lately i've just been in denial like an egyptian  
On a mission  
To rap for the youth  
The worlds looking at me now  
Guess they facing the truth  
So I stay in the booth  
Just to allocate reality  
Fuck school  
And fuck an hourly paid salary  
Life's drowning me  
Music's my only passion  
Lights camera and action  
Mic's glamour and fashion  
The force of gravity ain't stopping my traction  
To get these damn presidents  
Lincoln and Jackson  
Always rapping  
Holla for a feature  
Full court press used to sit up in the bleachers  
Winning T-shirts  
Now up on the speakers  
Giving y'all my soul like the bottom of my sneakers

All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I've looked for you

I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I looked for you  
I'm glad I found you I can't live without you

The wide variety  
of music help anxiety  
I do it for the love of it  
And not the notoriety  
People saying hi to me  
But I'm still the same kid  
that got bullied for trying to rap and had braces  
Back in middle school  
People used to ridicule  
Now I got buzz and those people doing minimal  
Uh, I guess I chose the right direction  
Cuz lately everybody just idolize my progression  
I'm never stressing  
Life's a blessing  
Haters handing out beef like ?  
Live for the present  
For the moment  
Working on music up all night like conan  
I'm always zoning  
My mind floating  
Blowing dro up in my throat so I'm choking  
Yo I'm open pass me the rock  
You know the sky ain't the limit cuz I'm passing the  
spock

wassup  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I've looked for you  
I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I looked for you  
I'm glad I found you I can't live without you

Music's all I have  
I'm my whole damn life  
It's the reason that I'm living  
No really I ain't kidding  
Boy I'm really just about to take flight  
Bout to take flight  
Yo bout to take flight  
Uh, yeah

All my love is all I have

Rap is all I have so I stay up in the lab  
All my life I've looked for you  
I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I looked for you  
I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I've looked for you  
I'm glad I found you I can't live without you  
All my love is all I have  
Rap is all I have so I stay up in the lab  
All my life I looked for you  
I'm glad I found you I can't live without you
