My dream is now reality
Is kind of .. when you think ..
Been around the world and back
Check the flights .. always on my ground
Never take .. house chilling
See from the .. my place ..
Pull out a ring I am ready to settle ..
Family friends are life essentials
Couldn't be happier than that x4
I fall in love of this music since the second
I started .. I swear I love every aspect
Music is my problem cause in class I never passed ..
test
.. always bagging .. just an average day
Got no money on my wallet .. life is so sweet I think I am
diabeting
Couldn't be happier than that x4

Thanks to feel
