10 toes in this...
when it come down to it
I'm still getting more money, more bitches
more love than a nigger screaming fuck me
it's so beautiful, it's disgusting
when you figure it out, niggers wanting all in
so them niggers is out
shake hit the fan see what niggers about
I heard man's...
it's no lie, you get lonely at the top
it's a... you can drop, so, they don't drop
and I won't judge you, I know why
so don't shoot me down when I fly
on the road to the riches,
I hope dripping niggers that will break they cars it won't
rise, fuck it
call some hoes up and roll this weed up
and turn the lights down and pour this drink up,
... I'm bout to... up
tat on my neck, face, chest and sleeve
... I like born features... I've been every game
... where I'm standing, motivate my people
in the ocean, blue range with nico
if I'm drinking champagne, it's probably clicko
bossing over, we should probably...
got a couple over, we gonna probably need more
we gonna probably need more
but first, let's weat...
order me a steak and rise another early morning,
another late night
doing 7 days a week, can you ever get to sleep?
that's 25/8 life oh, get money
take flights, go for full throttle, no brake lights
make all the... wanna play nice
and all the broke niggers wanna hate life
you're bad
