[Talkin: Nipsey]

Yea...

Me and my nigga Renpaul

Was on the way to tha studio...

And cause had that wiz and curren\$y mixtape in the
tape deck

Cd changer... and I heard this beat I'm like wut tha fuck

Yaa!

Ya kno only thought it's right for my 58000 legues

Shit hear we go

[Verse:]

7 days a week

7 different freaks

But I got tired of fuckin hoes

So I just smoke and count my cheese

Watchin Godfather leather couthes flat screens

I say I'm on this marathon she asked me wut does that
mean

Ain't no puff and pass please

Roll yo own and I'll do tha same girl

Get on that Marlon Brando and stop tryin to pick my
brain

Yo boyfriend is a lame that's why you not used to this
game

And if you lookin for me I'll be first class on a plane

Exne my landin gear cause I don't need no runway

My final destination is some clouds and some one way

Fuckin with them streets ain't no stranger to this
gunplay

But now I eat these beats and I don't never take a lunch
break

Back to back swisher sweets never on no sober shit

Post traumatic stress I feel like that's wut I'm coppin
with

So I smoke tha best

Impossible not to notice this

30 thousand feet up across the atlantic ocean with a
pack of wishers

ROLLED!

And a box that I ain't even open yet

I'm tryin to live my life so when it's over I don't got no
regrets
Keys to success
Multiply whitch you approach it with
Got to roll the dice
But the first time that you can go legit
Seize tha oppertunity beleave and take control of it
Then get on yo marathon and grind it till it's over with
Nappa Valley Doche
My cup runnith over with
My trunk is in my roof
HEY
You kno who you rollin with
Hussle

[Singing: Nipsey]

I know a place we can go
Where you can be yo self
And you ain't gotta worry
We ain't gotta rush cause we not in no hurry
You can't be afraid to let go
You gotta let go of yo self
But you ain't gotta worry
Cause this gone take some time but we not in no hurry

58000

This marathon continues
