[Chorus: x2]

I ain't got he patience to talk to these niggas cause
they slow
Fuck around and walk on these niggas now they know
Niggas won't respect you till you empty out your clip
Cause actions is everything and words mean shit

[Verse:]

That's why, that's why, that's why I'm still up in the hood
Burna on my lap just to get it understood
Multi million dolla deals is sittin on the table
On the dope block posted 40 glocc by my nable (pow)
Get the picture nigga I could take ya life away
Plus I'm pimp nigga I could take ya wife away
Babies havin babies kids killin, yeah that's life today
Better get a pistol fuck prayin for a brighta day
Crease up on my jeans, gold chain over my white tee
I shine that's why them dirty mothafuckas they don't
like me
I promise I try to do the right thing like Spike Lee
Despite these efforts niggas still got extras
So I'm a get it crackin bust off and let ya'll have it
I'm comin from a hood where killin niggas is a habbit
Everybody did it and everybody done it
Everybody with it so tell me how you want it (pow)

[Chorus: x2]

I ain't got he patience to talk to these niggas cause
they slow
Fuck around and walk on these niggas now they know
Niggas won't respect you till you empty out your clip
Cause actions is everything and words mean shit
