I got a swag when I step,
Blue acted the left
All the girls say I'm the bit
I think I know what it is
It's fly crippin, fly crippin, fly crippin, fly crippin
I got that... on my waist, louie suit case
And I'm tattered on my neck, my chest, my face
Fly crippin, fly crippin, fly crippin, fly crippin

Look, tmc is my new shit, I don't make no excuses
Fly crippin my blueprint, niggers talk but I do this
I gave a ar to my new bitch
I had a rolex before music
Money talk, loud and clear
Niggers looking like 2...
So we could line them up and we could shoot shit
We could range rover benz coupe shit
Turn a couple of zones into a few bricks
And turn a couple of bars into a new hit
New louie bag, new louie kicks,
And my trunk right where my roof is
Nigger stay in style like I'm boostin
How they say they fly when they flew shit
I got tats all on my neck, tats all on my face
Get... so up and I don't hop bout till I pay
I drink that clicko and that ace,
Smoke kush weed...
She can't resist to fly...
So she get wet when I get on stage
And yeah I dropped out in 10th grade
But I fly first class on these planes
Never stand in line at my bank
All money in is incorporated
They say damn hussle you made it
I said no you just think basic
And if them niggers fly, I'm a spaceship

I got a swag when I step,
Blue acted the left
All the girls say I'm the bit
I think I know what it is

It's fly cripin, fly cripin, fly cripin, fly cripin
I got that... on my waist, louie suit case
And I'm tattered on my neck, my chest, my face
Fly cripin, fly cripin, fly cripin, fly cripin

I got that... all on my left
... bank... when I step
Tattoo on my neck, my face and all on my chest
What you gonna do next?
Take your main bitch and have sex
I keep a 40 on my in case a nigger trying to flex
So niggers stop with all that press, cause you ain't
gonna do shit
I hear you talking loud, them nigger talk about my dick
And how your bitch swallow this,
You go home and you kiss
But guess what you hater, you be kissing on my dick
No homo trick, she look at you like you a lick
She fuck... cause I'm a fly ass young crib
I got polo socks on my feet,
Polo draws on my waist, louie belt on my...
... diamonds be all on me
Diamonds on my neck, diamonds on my wrist
I lid like a robbery but nigger that will be a risk
Ride around in that jag, I rode around in that range
But if a nigger walk we are still not the same

Cause I got a swag when I step,
Blue acted the left
All the girls say I'm the bit
I think I know what it is
It's fly cripin, fly cripin, fly cripin, fly cripin
I got that... on my waist, louie suit case
And I'm tattered on my neck, my chest, my face
Fly cripin, fly cripin, fly cripin, fly cripin
