forever on some fly shit
I'm going to draw the line you niggas pick who you
going to ride with
simple ass Niggas happy cause they fucked my side
bitch
shes just mad at me cause she not the one i ride with
drop down and pick your heart up off the floor
and quit trying to convince me that your ass is not a
whore wondering why I'm not picking up my phone girl
cause the last 12 months I've been traveling across the
whole world Niggas hoping I'm going to flop but mean
while Ive been getting paid on every stop
neighbor hood Nigga still good on every block
still busting at every Nigga the thinks he wont get shot
i got a clip for every johnny still
burner on my lap the only difference is the wheels
murder is a fact when your out here on a field
jealous Niggas dealing with emotions that only bitches
feel
9 times out of ten they just want a friend
I've been real before rap so i wont pretend
tell the to there face all they flaws I've been noticing
i never fuck with your type and i wont begin
and its oh you on that high horse but bottom line bitch
nigga is this is my horse
never kill nothing you just wait tell it die first but this
going to be the season that you vulture Niggas going
to fly north
drop classic after classic s
streets on fire soft Niggas cant match this
i aint doing features even if they got to cash me
black same balling out the sloan ave
but look its way more There"s way more profit out
these clothes
so i give away this music and make double back in
shows
360 myself the exercise control
lhussle.com I Digital Louis stole
catch up now or find out later
I'm revenge of success to all haters
where a Benz is a form of respect to spectators

and your friends keep it real for a sec and switch later
in this a material world thought is contagious and
security is created cause Niggas is less famous most
of the time there just in it for these hoes so its fucking
up there lives
when she sees theirs no control
