Jumping off the airplane  
Blue chucks on the runway  
Hussle nigga I only get it one way  
Momma said boy you fool stay in school  
Last month I made more then every teacher at my  
school  
Come kick it at my crib come swim in my ja-cool-zee  
Watch my big screen fuck one of my groupies  
Truly hussle liven like a boss now  
Straight down slauson Ave to shut the mall down  
5thousand really it ain't nonething fuck browsing  
Spend it all double back for more hustling  
I'm so south centralize it costumes  
If I see hatred in his eyes I'm rush em  
Trust no bitch don't stuck over lust  
It's six million ways to die that's just one  
I'm one in a million mammas grab your children  
Protect em what's on them blocks and back of those  
buildings  
I'm some were on the coast smoking fealty  
Rich on rolling making green buying real-tee  
Gold medalist gotta get my torch on  
Speed boating geten my scorch on  
Al per calling me on my I-phone  
Telling me the kush that I smoke fuck up the Ozone  
09 trying to go fo gold  
Nip hussle rich roll are get rolled on
