It's the blind leadin the blind dj green lantern cinematic  
hussle

[Verse 1:]

Listen look look now ask urself a question is you real or  
is you fake

Do you sell a nigga dreams or do you stand on what  
you say

When they ask you where you from you bite your lip  
and hesitate

Or do you step back and chuck yo hood up in they face

Is you bangin is you poppin is you turned up

And dope money keep the kush wrapped and burnt up

Ya hot boy bullets bustin out ya grannys shit

You gangbangin even though it got your family sick

Now what your life about does money motivate your  
actions

Is you stackin or you lost the self satisfaction

Now ask is that your nigga or a snake in disguise

If that nigga give advice that'll lead to your demise just  
some questions

It's just some thoughts for the mind it's just some  
questions

[Verse 2:]

Now ask urself another question is you happy with your  
life

House behind a pickett fence couple kids and a wife

Or do you see urslef standin in a different light

Your ambitions of a hustla got u pumpin all night

Do you know where your goin or what you come from

I was a slanger then a banger never a dumb dumb

So what is you when u shoot without a set aim

A body part takin orders from the set brain listen what  
the set sayin

I will kill without a cause death before dishonour for  
your niggas go hard

Now ask is that your nigga or a snake in disguise

If that nigga give advice that'll lead to your demise just  
some questions

It's just some thoughts for the mind it's just some  
questions
