(Verse)

I'm just tryin' to build my army up  
But these days they shootin' at me with a tommy gun  
Carry the weight 'cause I'm strong enough  
Sometimes they hate, make me feel like I'm pulling the  
tank trap  
What's the fuss I bought the murda bizness to all of  
them  
They asking questions like I ain't fucking my dressing  
Now we talking about auto or we talking about  
perception  
If the banks pulling my record, if not then shove it  
While others coming up shorter than nail flims  
I realize I may be the realest bitch they ever dealt with  
And to be honest these rumours be all fables  
See I don't get rap I drive the label  
Let's keep it very clear, I'm doing just fine  
I'm sitting on the millions your bank's flatline  
Death to the haters face it one time  
You got your own dig bitch why you rhyme mine

(Hook)

Kick me down but I'm a champion  
Heard them say they can knock you off  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them  
Carry the weight like a champion  
Come sell the dreams to the other ones  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them

(Verse)

I never learned to fail, all I know is win  
The haters shooting me down, can't help but press line  
I get up walking, they still talking it never ends  
They build me up to break me down it builds me up  
again  
On my swim towel shit, even when I'm gone  
They gon' pay to see where I've been  
I ain't do this shit alone but it don't take many friends  
But I don't understand this song, many ma many ma  
It's on for so long, fake bitches can't pretend

I'm gone with the wind, they can't even catch my drift  
They hatin' you from hearing, well fuck it read my lips  
There's some things I never do, never lose never quit  
Never change who I am, never give a fuck who gives a  
shit  
I'm drunk off life, of course I'm swerving in and shit  
I'm in the zone throne empty I'ma take a sit  
And like my girl Tiny all these haters on my dick

(Hook)

Kick me down but I'm a champion  
Heard them say they can knock you off  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them  
Carry the weight like a champion  
Come sell the dreams to the other ones  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them

(Hook)

Kick me down but I'm a champion  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them  
Carry the weight like a champion  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them

(Hook)

Kick me down but I'm a champion  
Heard them say they can knock you off  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them  
Carry the weight like a champion  
Come sell the dreams to the other ones  
Nevermind them, never nevermind them  
Nevermind them, never nevermind them
