Do you see
Love in my eyes?
Do you feel my paradise?
I will give you everything you want.

Take my hand,
Close your eyes.
Follow me to moonless sky.
We will sit and watch the world pass by...

Take me to the moon, make me fly.
I will be your sun in the sky.
Take me to the moon, give me light.
I will be there every night.

If you want
Take me away.
I've been waiting every day.
Give me faith in everything.

Now it's time,
Open your eyes!
Bring me back to paradise.
Follow me,
Relax and enjoy paradise...

Take me to the moon, make me fly!
I will be your sun in the sky.
Take me to the moon, give me light!
I will be there every night.

If you want
Take me away.
I've been waiting every day.
Give me faith in everything.

Now it's time,
Open your eyes!

Bring me back to paradise.
Follow me,
Relax and enjoy paradise...

Take me to the moon, make me fly!
I will be your sun in the sky.
Take me to the moon, give me light!
I will be there every night.

Take me to the moon!
Give me light!
I will be your pain in delight.
Take me to the moon!
Make me fly.
Follow me across the skies.

Take me to the moon,
Give me, give me, light.
Take me to the moon.
I am your delight.

Take me to the moon and let's fly away!
Take me to the moon and let's fly away!

Take me to the moon, make me fly!
I will be your sun in the sky.
Take me to the moon, give me light!
I will be there every night.

Take me to the moon!
Give me light!
I will be your pain in delight.
Take me to the moon!
Make me fly.
Follow me across the skies.

Take me to the moon.
I am your delight..
Take me to the moon...
