Desire to desire
This feeling's over me
Inside me there's a fire
Oh how could it be

I travelled such a long time
Many people I've seen
Faces empty places
Everywhere I've been

Desire to desire
This feeling's over me

Inside me there's a fire
Oh how could it be

I cared for such a long time
Many times I played your game
I followed everywhere your steps
Now nothing I could claim

Desire for desire
This feeling's over me
Inside me there's a fire
Oh how could it be
