Waking up so late
I 'll have a shower and shave
So many little tastes I crave
The day can wait

The pleasure of such things
The treasure of manlike dreams
Unbearable to live
Unthinkable to kill
A place without you

Waking up late
Black coffee and cake
it's a terrible fate
When nothing to wait

The pleasure of such things
The treasure of manlike dreams
Unbearable to live
Unless is time to kill
These moments without you

Waking up so late
I 'll have a shower and shave
So many little tastes I crave
A day to waste

The pleasure of such things
The treasure of manlike dreams
Unbearable to live
Unthinkable to kill
A place without you
