Stick to the truth but stay humble  
Keep your feet moving Barney Rubble  
If you taste success stay hungry  
This ain't a sprint, nah, it's cross country  
Fuck your possessions I possess the impossible  
It ain't in stores, nah, it is intangible  
If you ain't got it, you ain't got it for goodness sake  
One of a kind, I'm a white snowflake  
No wait settle down tell 'em what they wanna hear  
Party tracks, party tracks, sold on the last year  
Stick to the proof, cash, and glory  
I'd rather stay broke and just stick to my story like

I-I-I-I-I-I-I-I-I-I need you tonigh-igh-igh-igh-igh-ight (x2)

Yeah, yeah, ah ah, apologies, apologies to all of my  
exes  
I never been good at relationships or textin'  
I learned a thing or two, or maybe three  
Cheatin' doesn't pay NBA referee  
But now I'm ballin' feelin' like Kobe  
Usin' that force call me Obi Wan Kenobi  
You don't know me, but I'd like you to  
I go good with alcohol, apple juice

You can sip slow or take a shot  
Either way watch your tongue 'cause I'm hot  
I'm good for your ears but bad for your health  
I'm stoked on this track, so I high-five myself, and I  
high-five myself  
But that's just dandy, she won't use her mouth, so she  
comes in handy  
Call me Martin Luther, I got a dream  
Me and fourteen girls call it the freshman fifteen, haha

I-I-I-I-I-I-I-I-I-I need you tonigh-igh-igh-igh-igh-ight (x2)

Life's a love hate relationship it's purely what you make  
of it  
Money, clouds, reality I don't care if I make a million  
Or if I make a mistake it's just another day  
As long as I stay honest with my family I'll be OK

And you can too but you won't do  
What is necessarily necessary you outgrew your  
friends  
That's a fact lost contact  
'Cause I'd rather talk about politics than play super  
smash haha  
And that's the price I pay  
That's the burden that I carry on my back almost  
everyday  
But I'm glad to do it a right to get by it's a strain  
On my relationships and that's why

I-I-I-I-I-I-I-I-I-I need you tonigh-igh-igh-igh-ight (x2)
