i just kissed her she just looked me in the eyes  
my heart just dropped, it could those Chicago tides  
I've seen her at some party, and i never thought she  
call me  
i guess because i make hits i made her short list  
and I'm a short kid, but that ain't never stop me  
i put my hands up cause girl you got me  
i tend to fall quick, pick up and leave town  
but since we kissed, all i could wish for is to settle down  
you need a gentleman, i think I'm suitable  
not that she need to hear me say it but you're beautiful  
if this is too much, i can switch it up camilion  
i own this day cause you're one in a million

One in a million, too good to be true.  
take my heart I saved it just for you  
One in a million, too good to be true.  
take my heart I saved it just for you.

wont pick up my calls, wont return my text  
i fell my heart getting cuffed, cardiac a rest  
this can not be happening, i thought we were  
happening  
you said this was special, oh you must still be  
practicing  
so now you got to go, but baby before you leave  
can i get one more kiss, so i can make belive  
the pass is history, lets turn a new page  
let me protect your heart, ill be your ribcage  
i bet I'm much you needed, so now you need nothing  
our friends will understand, but we just wont leave  
nothing  
your my star girl, a constellation price  
and when this world ends, I'll meet you in the sky

One in a million, too good to be true.  
take my heart i've saved it just for you  
One in a million, too good to be true.  
take my heart i saved it just for you.

One in a million, too good to be true.  
take my heart i saved it just for you

One in a million, too good to be true.  
take my heart i saved it just for you.

One in a million, too good to be true.  
take my heart i saved it just for you  
One in a million, too good to be true.  
take my heart i saved it just for you.
