This city, everywhere I go, I see faces I know  
All in their different zones  
As we're flying through this world underground  
And my eyes are wide shut, I'm not hearing a sound

Time standing still  
Surrounded by sad hearts unfulfilled  
Empty places for the disenchanted  
Pass and fade away

Distant dreams, where I go  
Distant dreams, when I'm low  
As they echo in my head

Distant dreams, how they flow  
Distant dreams, moving slow  
As I'm falling out of time  
I still have distant dreams here in my mind

Faces distorted by pressure  
Everyone forced together  
Spilling out through the doors

No more spaces  
It's a dog-eat-dog world  
And a mad free-for-all  
Maybe room for one more

Time standing still  
Surrounded by sad hearts unfulfilled  
Empty places for the disenchanted  
Pass and fade away

Distant dreams, where I go  
Distant dreams, when I'm low  
As they echo in my head

Distant dreams, how they flow  
Distant dreams, moving slow  
As I'm falling out of time  
I still have distant dreams here in my mind

Distant dreams, where I go  
Distant dreams, when I'm low  
As they echo, echo in my head

Distant dreams, how they flow  
Distant dreams, moving slow  
As heartbreak surrounds me  
And heartache has found me

Distant dreams, where I go  
Distant dreams, when I'm low  
As they echo in my head

Distant dreams, how they flow  
Distant dreams, moving slow  
As I'm falling out of time  
I still have distant dreams here in my mind
