"Another speaker was Mr Enoch Powell who was sacked from the shadow cabinet earlier this year, for his extreme and publicly stated views on immigration."
".. one day live in a nation where they will not be judged by the colour of their skin but by the content of their character."

I knew you needed a friend.
I knew you needed some blue skies.
You need some laughter again,
Til magic returns to your blue eyes.
You're lost in the circle of pain.
Where's it all going?
Each day is the same,
Where are you going?

Say hello. Say hello.
You're never alone.

Something inside of yourself,
When darkness approaches, your silence.
Freedom's forgotten her name.
Nothing makes sense you don't complain.
Everything started to fall.
Where's it all going?
Can't make any sense of it all.
Where am I going?

Say hello. Say hello.
You're never alone.
