The seal of prophesy
Between the darkness and the light
Everyone must choose
Universal blues
Wisdom is the key
To the heart of the prophesy
The seal of prophesy
Messengers have come and gone
The struggle goes on
Synagogue temple mask church
Each and every place we search
The seal of prophesy
Old ones will see visions
Young ones will dream dreams
Time of change conditions
Til nothing as it seems
The seal of prophesy

The seal of prophesy
Everyone must choose
Universal blues
