Feel the sunshine from the radio
Feel the sunshine from the radio
Disconnect my mind from traffic
Beaming through the London static
Shelter from the rain

Feel the sunshine from the radio
Feel the sunshine from the radio
Sycophantic, laughing, manic
Same old, same old, same old's all I hear

Hear the punch line on the radio
Hear the punch line on the radio
Voices weaving, smokescreen dreaming
Cold, deceiving, cloud my hearing
Shelter from the rain
Shelter from the rain

Sell the same line through the radio
Sell the same line through the radio
Through the airwaves
Daylight breaking
Empty promise, living, faking

Is this all there is
Radio
